Possibly the best gift ever for your customers and staff.

Did you know?

- ✦ Airlines mishandle 400,000 bags a week – c.3.4% of all bags per transit (Source: SITA).
- ✦ 1 in 6 cell phones are lost each year.
- ✦ 16% of drivers have permanently lost their keys at least once (Source: Britannia Rescue).
- ✦ Ordinary name and address tags are used by organized crime to target people's homes.

What is HomingPIN?

HomingPIN connects you and the finder of your lost property together so that you get your belongings back fast.

What does it do?

It significantly improves the recovery chances of your lost properties while travelling.

Must know:

- ✦ It's the one and only lost property recovery program in the world to be endorsed by IATA.
- ✦ Integrated in over **2800 airports** around the world.
- ✦ Protects important properties such as luggage bags, mobile phones, laptop etc. while travelling.
- ✦ Reduces the time it takes airlines to match a mishandled bag to its owner from up to **6 days, to two seconds**, and you'll be sent a text / email instantly.
- ✦ If an airline's bag tag comes off, a **HomingPIN** tag means they can find you instead of your property being put to auction. Your bag can then be delivered to wherever you are.
- ✦ HP adds real value to insurance products and reduces claim ratio.
- ✦ Large and prominent advertising mileage.
