**A PENCIL
WITH A
BIG IDEA**

#sustainability #ecofriendly #maketheworldsprout

Sprouts

"We used the Sprout pencil as a gadget when launching the new Coca-Cola Life in Italy. We chose the Sprout pencil because it was totally aligned with the philosophy of Coca-Cola Life: Naturalness. The Sprout pencil has contributed with a lot of engagement and innovation among our consumers, and everyone has been very enthusiastic. I have received pictures of basil plants grown by children that got some of our pencils — so cute! I will definitely use Sprout products again and I already recommended them to a colleague who will develop a similar promotion."

Valentina Gandini - National Account Manager, Coca-Cola, Italy

PACKAGING

Our standard Sprout Pencil comes with the Sprout logo and laser engraving of the plant name. We have 8 different seeds to choose from. The seeds are located in the characteristic green capsule on top of every Sprout pencil. All Sprout Pencils are made from sustainably grown wood. As wood is a natural material, variation in colors may occur. **Customise the Sprout Pencil** by adding engraving of your logo, homepage or slogan.

CUSTOMISED

If you have a story to tell, the single card will give you the needed space to promote your message.

The entire front page is at your disposal and at the back you will find our infographics showing how to plant the pencil.

PACKING OPTION

You can choose if we shall assemble the card and pencil or whether you want to do this yourself.

Sprouts

3, 5 AND 8 PACK

Choose between a 3 pack, 5 pack or 8 pack for your pencils. We can also customise your packaging.

STANDARD

The 3, 5 and 8 pack are printed with the Sprout logo and text on all sides and growing instructions on the back.

CUSTOMISED

The entire front is at your disposal and at the back you will find our infographics showing how to plant the pencil.

SPROUT CASES

"The entire hotel is loving this great idea."

Andrew Dear
Room Operations Manager
Marriott

WHO: Marriott, Grand Cayman
WHAT: Engraved Sprout pencils
HOW: Green giveaway to guests
WHY: The Sprout pencil is original and sends a green message

Sprouts

"The Sprout pencil is perfectly in line with our values"

WHO: Toyota Denmark
 WHAT: Sprout pencils on single cards
 HOW: Give to employees and participants on a conference
 WHY: The Sprout pencil represents Toyota's values like recycling, renewal and leaving a positive impact on the planet.

"We have handed out Sprout pencils, both our employees and to participants at a sustainability conference.

The Sprout pencil is perfectly in line with our values; it supports recycling, renewal and it has a positive impact on the planet.

Everyone has been pleasantly surprised with the pencils. They look like normal pencils, but they can do so much more. I personally use them in my plant pots at home.

Toyota has been on the forefront many years when it comes to minimizing any negative impact from our products, our production and anything we do. The Sprout pencil supports this message perfectly."

Frank C. Okoisor
 President
 Toyota Denmark A/S

PLANTING GUIDE

Once the pencil is too short to write with, plant the stub and watch your message turn into a pot of beautiful herbs, flowers or vegetables.

1. Use a pot with a hole in the bottom, a saucer and a good potting soil.
2. Water the soil so it is moist, but not soaking wet.
3. Plant the pencil slightly tilted to a 30 degree angle, capsule down. Don't plant too deep, only cover the capsule by soil.
4. Place the pot in a light place. Avoid direct sunlight. Temperatures around 20° C is optimal.
5. Remember to water regularly. We recommend bottom watering. Germination will occur within 1-4 weeks.

1. Write with your pencil.

2. When it's too short, plant it! Add sunlight and water.

3. Watch the continuation of your sustainability message as the plant sprouts!

Sprouts

SEEDS AVAILABLE FOR COLOR PENCILS

The Sprout Plantable Pencil comes in colors too. Choose from 8 different colors and get the pencils as standard or custom made.

Each color has its own kind of seed. Here you can see the different combinations.

These are pencil lead colors, not the color of the capsule.

Special Seeds: At orders above 25.000pcs you have the possibility to select your own seeds. We are always happy to give suggestions and advice on which seeds to choose, so your message get the best impact.

We take into account parameters like size, germination time, symbolic meaning and availability to ensure you the best result.

THE FUTURE OF LUGGAGE TAGS

Possibly the best gift ever for your customers and staff.

Did you know?

- ✦ Airlines mishandle 400,000 bags a week – c.3.4% of all bags per transit (Source: SITA).
- ✦ 1 in 6 cell phones are lost each year.
- ✦ 16% of drivers have permanently lost their keys at least once (Source: Britannia Rescue).
- ✦ Ordinary name and address tags are used by organized crime to target people's homes.

What is HomingPIN?

HomingPIN connects you and the finder of your lost property together so that you get your belongings back fast.

What does it do?

It significantly improves the recovery chances of your lost properties while travelling.

Must know:

- ✦ It's the one and only lost property recovery program in the world to be endorsed by IATA.
- ✦ Integrated in over **2800 airports** around the world.
- ✦ Protects important properties such as luggage bags, mobile phones, laptop etc. while travelling.
- ✦ Reduces the time it takes airlines to match a mishandled bag to its owner from up to **6 days, to two seconds**, and you'll be sent a text / email instantly.
- ✦ If an airline's bag tag comes off, a **HomingPIN** tag means they can find you instead of your property being put to auction. Your bag can then be delivered to wherever you are.
- ✦ HP adds real value to insurance products and reduces claim ratio.
- ✦ Large and prominent advertising mileage.
- ✦ Unique Identifier Service (UIS) - Your identity is kept private and secure.

What's the cost?

All the above for just **\$0.0329 cents per day** or less.
