## Kornerstone

Kornerstone laptop document zip bag is a practical and universal piece for all professionals. Crafted in Embassy's high density PU and using strong metal zipper and zip puller, this bag is sturdy and is designed for maximum usability as it can house important A4 document and a 14-inch laptop (or maybe even slightly bigger\*).

**Size:** abt 35 cm x 28 cm x 2 cm

Lined with superior nylon material, the inner compartments are stitched neatly to hold your smartphone, stationery and more. Coupled with unrivalled craftsmanship, simply customise Kornerstone with a logo debossment and you will be ready to gift it to the VIPs.

# World's **first and most** comprehensive **eco friendly** tech items.

As the leader in promotional technology, Xoopar proudly presents its very own **TECHWheat eco collection**.

TECHWheat was created to recognise the growing demand for eco alternatives for promotional technology items. Xoopar have introduced new versions of their most popular products, but replaced regular plastics with a new unique 'wheat-based' composite based on biodegradable plastic that speeds up how fast the item can decompose after its useful life.

**20%**  
wheat

+

**80%**

biodegradable plastic

Uniquely made to create a material that biodegrades 4 times faster than normal plastic.

Many factories are quick to name their products as eco to ride on the sustainability bandwagon. However, many of them actually fail quality inspection criteria. If a product is not fit for purpose, we believe it lacks eco credibility. For TECHWheat, Xoopar uses the design and technology legacy of its successful products and make improvements on them without losing their performance characteristics.

Xoopar's supply chain is regularly audited to inspect the credibility of its sources and manufacturing processes. Using eco-themed items require transparency and integrity to ensure that headline features are not undermined in any way. Therefore, Xoopar products are more ethical for the environment and society, thereby safeguarding your brand continuously.

Packaging of TECHWheat collection is kinder to the Earth too. They are all packaged using FSC paper and/or non toxic food grade EVA that is durable and can be reused in anyone's daily life. Xoopar had also deliberately designed the packaging for this range to be more compact, so as to minimise shipping space and thereby reducing the carbon footprint in the logistics chain.

## Sustainability

has been and always will be central in what Xoopar does.

Come onboard with us on this **eco journey**.

## A pencil with a

# Big Idea

**Sprout® PENCIL** is the world's first and original patented plantable pencil. However, we don't just sell pencils. We are showing that small steps do matter when it comes to sustainability. The idea with the Sprout® PENCIL is that you plant it when it becomes too short to write or color with. This way you give it a new life by turning the stub into flowers, herbs or vegetables. The Sprout® PENCIL is **100% natural and biodegradable**, and it has become a popular green alternative to company plastic ballpens with logo.

### USE

Write or color with your pencil

### PLANT

Plant it - Add sunlight & water

### GROW

Fresh plants will sprout

## PICK YOUR SEED

#### Sage

Easy to grow aromatic herb. Edible leaves and flowers for both sweet and savory dishes. Bee friendly.

#### Thyme

Easy to grow herb. Edible leaves and flowers for both sweet and savory dishes. Bee friendly.

#### Basil

Easy to grow. Wonderful herb with great taste. Edible leaves.

#### Coriander

Easy to grow herb with characteristic taste. Edible leaves.

#### Daisy

Symbol of purity, joyful flowers, drought resistant. Edible flowers.

#### Carnation

Symbol of love, beautiful flowers in various colors. Edible petals.

#### Forget Me Not

Symbol of love and friendship. Blue, edible flowers.

#### Chia

Bee friendly, purple flowers. The fresh or dried leaves can be made to a healthy tea.

PATENTED

Sprout®  
**PENCIL**  
THE PLANTABLE PENCIL

Our standard Sprout® PENCIL comes with the Sprout logo and laser engraving of the plant name. We have 8 different seeds to choose from. The seeds are located in the characteristic green capsule on top of every Sprout pencil. All Sprout Pencils are made from sustainably grown wood. As wood is a natural material, variation in colors may occur.

Customise the Sprout® PENCIL by adding engraving of your logo, homepage or slogan.

Your Company Logo

## PACKAGING

### STANDARD

The single card comes with growing instructions for the Sprout® PENCIL.

Our standard single cards are printed with the Sprout designed logo and text on both sides.

### CUSTOMISED

If you have a story to tell, the single card will give you the needed space to promote your message.

The entire front page is at your disposal and at the back you will find our infographics showing how to plant the pencil.

# A company's give-away that *makes people talk*.

## INSPIRING GREEN CHANGE

Sprout® PENCILs are all about making sustainability visible and being for change. With your organization's logo on a Sprout® PENCIL, you can make an impression, tell your sustainability story, and get people talking.

## PRODUCT WITH A PURPOSE

Sprout® PENCIL may look like familiar everyday item but every single product has an element of surprise.

Whether that's a seed-filled capsule at the end of a pencil, Sprout is all about sending a message of sustainability and inspiring people to reflect and change their behavior for the benefit of our planet.
